A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Ollison shows an automatic sprayer having a container for holding a reservoir of water and for also housing a battery compartment 124 and a control panel which accepts user setting through dial 192 (see figure 10). The sprayer also shows to hoses for watering to separate events (see figure 3a).
